GOVERNMENT OF INDIA
POWER
LOK SABHA

UNSTARRED QUESTION NO:3777
ANSWERED ON:08.12.2016
Bureau of Energy Efficiency
Khuba Shri Bhagwanth

Will the Minister of POWER be pleased to state:

(a) whether Bureau of Energy Efficiency has issued any guidelines for testing efficiency of domestically manufactured electrical products; and

(b) if so, the details thereof?

Answer

THE MINISTER OF STATE (INDEPENDENT CHARGE) FOR POWER,
COAL, NEW & RENEWABLE ENERGY AND MINES

(SHRI PIYUSH GOYAL)

(a) & (b) : No guidelines have been issued by the Bureau of Energy Efficiency (BEE) for testing efficiency of domestically manufactured electrical products. However, the products covered under the BEE's Standards & Labelling (S&L) programme use relevant testing standards of electrical products for energy efficiency testing, defined by Bureau of Indian Standards (BIS)/International Organization for Standardization (ISO)/International Electro technical Commission (IEC). In order to authenticate the testing procedure, all manufacturers registered under the S&L programme are asked to submit all relevant tests reports carried out in the laboratories accredited by National Accreditation Board for Testing & Calibration Laboratories (NABL) or International Laboratory Accreditation Cooperation (ILAC) or Asia Pacific Laboratory Accreditation Cooperation (APLAC).
